Training period 5th year

Toulouse

Introducing

Description

16 to 26-week internship in a company whose main field of activity is civil engineering.

Objectives

The aim of this internship is to position the student as a working engineer, and to validate the skills acquired during the course. To this end, the student will develop a particular theme during the internship, which will be the subject of a dissertation (entitled technical dissertation).
The problem will be defined by mutual agreement between the company and the INSA tutor.

Évaluation

L'évaluation des acquis d'apprentissage est réalisée en continu tout le long du semestre. En fonction des enseignements, elle peut prendre différentes formes : examen écrit, oral, compte-rendu, rapport écrit, évaluation par les pairs...
