Objectives:

At the end of this module, the student will have understood and be able to explain (main concepts):

the main actors in the sectors on which the "Biochemical Engineering" specialty leads in France and abroad, their relations and their market share
the structuring of the sector: is it made up of large national or international groups, SMEs, start-ups ...
Are these multinationals, family businesses ...?

the evolution of this structuring: is the sector stable over time or does it know (or has it known in the recent past) changes (eg mergers)?

the location of the different activities (production, R & D ...). Are they done in France, in Europe ...?

the structuring the capital of these players (share of turnover devoted to R & D, communication ...)
