

Initiation to research

ECTS
3 crédits

Hourly volume
45h

Introducing

Description

Objectives

At the end of this course, the student will be able to explain :

- How the research results are disseminated / shared within the scientific community ;
- What are the main expectations of a scientific report ;
- The fundamentals of a specific scientific field (note that the topic is different every year).

The student will be able to :

- Search for a relevant scientific study in a database ;
- Use a numerical software to quote published scientific work.

- Summarize the main informations obtained during the research project by using the standards of a given scientific journal ;

- Make the information accessible to a lay audience.

Évaluation

L'évaluation des acquis d'apprentissage est réalisée en continu tout le long du semestre. En fonction des enseignements, elle peut prendre différentes formes : examen écrit, oral, compte-rendu, rapport écrit, évaluation par les pairs...
