

Scientific project

Introducing

Description

Based on a theme defined by a tutor, generally a teacher from the Physics department, students carry out bibliographic research to develop a better knowledge of the proposed theme.

This project is carried out in support of the physics and materials courses which take place in parallel.

Objectives

The project puts students in a real situation and shows them concrete examples of the physics of materials.

It allows you to carry out scientific research using bibliographic data and to present this research during an oral presentation.

Necessary prerequisites

No specific prerequisites.

The courses taught alongside the semester are sufficient.

Évaluation

L'évaluation des acquis d'apprentissage est réalisée en

continu tout le long du semestre. En fonction des enseignements, elle peut prendre différentes formes : examen écrit, oral, compte-rendu, rapport écrit, évaluation par les pairs...
